Dear Pat Baxter

Transport Commission - Submission from Reading Faith Forum

I am writing on behalf of the Reading Independent Transport Commission to bring to your attention the attached document, which is a submission to the Commission by the Reading Faith Forum.

The submission raises issues for the Council and the Police, but the Commissioners don't intend to take any further evidence on it, as they don't think that hearing evidence will add to what they feel is a fairly well-set-out case for both to consider some changes to parking rules and practice.

The Commissioners therefore think that it should be looked at by officials, as it raises issues that should be examined. They understand that it may not be possible for the Council to agree with all the proposals, but the Forum is offering ideas in a constructive manner and the Commissioners think it would be good for the Council to talk to them.

I will be sending a copy of this letter to the Faith Forum at the Commissioners' request.

Yours sincerely

NR Simpson
